	COURSE SUBS	TITUTIONS	
Course substitutions must have the w	ritten approval of the st	udent's academic program chair or academic advisor and	
academic unit head and must meet the following conditions:			
A course used as substitution should be within one level (higher or lower) of the course to be substituted.			
The substitution should have similar content to the course being replaced.			
 Substitutions should be submitted as early as possible to facilitate accurate graduation audits. Departments offering the course to be substituted should be consulted as appropriate. 			
 Courses used as substitutions do not have to carry the same number of semester credit hours as the course 			
they are replacing, nor do they affect the total credit hours needed for the student's degree program.			
Substitutions must be ger	nerated by the appropriate	e advisor or student coordinator.	
Substitutions are recorded	on the student's progra	Im plan and used to audit degree requirements. on is maintained in the student's file.	
	noved course substituti	on is maintained in the student's me.
